BAND STORY

I just do this because it's what breaks me away from reality. It's my escape from the bullshit. It's my hobby, music and lyricism are my passion. I make my own beats, or cover beats. This site will only show exclusive music I make, I have many other sites that can hold more. But basically my goal is to rhyme and make music about real ****, situations, knowledge, life, thoughts, struggle, all of it. I'll expand my style across the horizon. I write mostly poetry, but then convert it into lyrical form while I write it, using deep metaphoric imagery, using words that make you think, that is my whole goal. To make people listen to the lyrics and understand the actual meaning. I started in January 2010 with making beats, throughout the summer I will be able to bring in vocals and what not. It all started with my first beat being spit to by Lyrikvishis.
