

CALIGULA - PDF:

BAND STORY

Caligula is preparing for the release of his debut solo LP "DIVINE MADNESS". Since his 2005 national re-release of the "Clone Killer" ep, Caligula has been featured on many mixtapes, compilations, and guest appearances but has never put out his own full length album. 2010 will change all of that. This album is highly conceptual and his rhymes are in top form. With beats/rhymes featured from artists such as Goretex(Non-Phixion), Shabazz the Disciple, Hell-Razah, Bronze Nazareth, Nomad, 12 O'Clock, Chi-King, 4th Disciple, Lyrikill, Pumpkinhead, and more, this album promises to be nothing short of near-flawless. Stay tuned for more info on other upcoming projects and tour dates
